The company fails to obtain prior approval of Audit Committee constituted under the provisions of Section 177 of the Companies Act, 2013 (the Act). Auditors of the company expressed the view that the approval of Audit Committee was mandatory being a related party transaction. However, the Company Secretary submitted his comment that since this transaction is not covered under the related party transaction as per Section 188 of the Act, approval of Audit Committee was not required and hence, the company has not committed any violation of the provisions of the Act. Referring to the provisions of the Companies Act, 2013, examine:
- (i) Whether omnibus approval of Audit Committee was needed to the borrowings, if the transaction was not a related party transaction under Section 188 of the Act?

Answer

- (a) As per section 2(76) read with sections 177(4)(iv), 188 of the Companies Act, 2013, and Rule 6A of the Companies (Meetings of Board and its Powers) Rules, 2014 following shall be the answers:

- (i) As per Rule 6A of the Companies (Meetings of Board and its Powers) Rules, 2014, all related party transactions shall require approval of the Audit Committee and the Audit Committee may make omnibus approval for related party transactions proposed to be entered into by the company subject to the certain conditions.

As per section 177(4)(iv), every Audit Committee shall act in accordance with the terms of reference specified in writing by the Board which shall, inter alia, include approval or any subsequent modification of transaction of the company with related parties.

Provided that the Audit Committee may make omnibus approval for related party transactions proposed to be entered into by the company subject to such conditions as may be prescribed.

Provided further that in case of transactions, other than transactions referred to in section 188 and where Audit Committee does not approve the transaction, it shall make its recommendations to the Board.

In the instant case, borrowings of sum of ₹ 25,00,000 from TY Limited from its director Mr. Tanmay reflects that they are related parties as per section 2(76) and the transaction is a related party transaction though the transaction i.e. borrowings of ₹ 25,00,000 between them is not Related Party Transaction as per section 188(1).

Hence, in the given case, said transaction of borrowings, was a Related Party Transaction other than the transaction given under Section 188(1).

Note: Students may also conclude answer stating "said transaction of borrowings, was not a Related Party Transaction as per section 188(1), so no omnibus approval of Audit Committee was needed to such the borrowings by TY Limited from its director Mr. Tanmay.

- (ii) As per Rule 6A of the Companies (Meetings of Board and its Powers) Rules, 2014, all related party transactions shall require approval of the Audit Committee. Where

the need for related party transaction cannot be foreseen and no information related to that are available, the audit committee may make omnibus approval for such transactions subject to their value not exceeding ₹ 1 Crore per transaction.

In case of a transaction which does not involve an amount exceeding one crore rupees and which is entered into by a director or officer of the company without obtaining the approval of the Audit Committee and if it is not ratified by the Audit Committee within three months from the date of the transaction, such transaction shall be voidable at the option of the Audit Committee.

In view of above, a post transaction approval of the Audit Committee can be obtained for related party transaction and if not done so, such transaction shall be voidable at the option of the Audit Committee.

Further, in case such transaction is with the related party to any director, the director concerned shall indemnify the company against any loss incurred by it.

- (b) (i) According to section 167 (1) of the Companies Act, 2013, the office of a director shall become vacant in case he absents himself from all the meetings of the Board of Directors held during a period of 12 months with or without seeking leave of absence of the Board.

Also, Section 173(2) of the Act allows the directors of a company to attend Board meetings either in person, through video conferencing or other audio-visual means as prescribed under Rule 3 of the Companies (Meetings of Board and its Powers) Rules, 2014.

In the instant case, Mr. Prakash has attended only one meeting of APC Limited through audio- video means during a period of twelve months and has not attended any other board meeting in person.

Hence, taking into account the above provisions, the office of Mr. Prakash is not to be vacated even though he has not attended any Board Meeting in person, as he has attended one meeting through audio- video means.

- (ii) As per section 152(3) of the Companies Act, 2013, a person shall be appointed as a director of a company only when he has been allotted DIN under section 154.

Further, as per section 164(1), a person shall not be eligible for appointment as a director of a company, if he has not complied with sub-section (3) of section 152.

In light of the above provisions, the appointment of Mr. Akash as an independent director is invalid as he obtained DIN after his appointment.

Hence, attending of board meetings by Mr. Akash is not valid.

- (c) As per section 161(1) of the Companies Act, 2013, following legal aspects are to be taken into consideration for appointment of additional director:
- (a) The articles of a company may confer on its Board of Directors the power to appoint

any person as an additional director at any time.

- (b) A person, who fails to get appointed as a director in a general meeting, cannot be appointed as an additional director.
- (c) Additional director shall hold office up to the date of the next annual general meeting or the last date on which the annual general meeting should have been held, whichever is earlier.

Taking into account the above provisions:

- (i) The appointment of Mr. Kamlesh as an additional director by the Board of Directors is not valid, as earlier the proposal to appoint Mr. Kamlesh as a director on the company's Board was rejected by the members of the company at an AGM.
- (ii) No, the members cannot exercise the power of appointing Mr. Kamlesh as an additional director at the AGM as section 161(1) clearly specifies that the said power can be conferred by Articles of company only on the Board of Directors.
- (iii) If company's AGM is not held within the stipulated time and adjourned to a later date, Mr. Kamlesh cannot continue to act as a director as he can hold the office upto the last date on which the AGM should have been held.

Answer

(a) The provision of section 218 of the Companies Act, 2013 states that, the company shall require to take approval of the Tribunal before taking action against the employee during the course of any investigation of the affairs.

The company shall require approval in the following circumstances:

- discharge or suspension of an employee; or
- punishment to an employee by dismissal, removal, reduction in rank or otherwise; or
- change in the terms of employment to the disadvantage of employee(s).

The Tribunal shall notify its objection to the action proposed in writing.

In case, the company, other body corporate or person concerned does not receive the approval of the Tribunal within 30 days of making the application, it may proceed to take the action proposed against the employee. That means it can be considered as a deemed approval by the Tribunal.

Thus, Sonata Limited should adopt the above-mentioned procedure to implement its decision to suspend Mr. Sunil.

Remedy available to Mr. Sunil: Remedy to Mr. Sunil will be available only when objection has not been raised by the Tribunal to the action proposed in writing for his suspension of his services. As per the provision of the law, Mr. Sunil can refer an appeal to Appellate Tribunal only if an objection has not been raised by Tribunal within 30 days.

- (b) As per section 230 (6) of the Companies Act, 2013 where majority of persons at a meeting held representing 3/4th in value, voting in person or by proxy or by postal ballot, agree to any compromise or arrangement and if such compromise or arrangement is sanctioned by the Tribunal by an order, the same shall be binding on the company, all the creditors or class of creditors or members or class of members, as the case may be.

The majority of person representing 3/4th Value shall be counted of the following:

- the creditors, or
- class of creditors or
- members or
- class of members, as the case may be,

The majority is dual, in number and in value. A simple majority of those voting is sufficient. Whereas the 'three-fourths' requirement relates to value. The three-fourths value is to be computed with reference to value of creditors held by creditors present and voting at the meeting.

In this case, 9000 creditors attended the meeting representing in value ₹ 90 Crore. As 5000 creditors voted in favor of the scheme, the requirement relating to majority in number (i.e. 4501) is satisfied.

9000 creditors who participated in the meeting representing in value ₹ 90 Crore, three-fourth of which works out to ₹ 67.50 Crore while 5000 creditors who voted for the scheme representing in value is ₹ 70 Crore. The majority representing three-fourths in value is also satisfied.

As both the requirements are fulfilled, the scheme is adopted and approved by the requisite majority and the same shall be binding on the company, all the creditors, or class of creditors or members or class of members, as the case may be.

Thus, the scheme of compromise is binding on all the creditors including the dissenting and absent creditors.

- (c) ECB proceeds are permitted to be parked abroad as well as domestically.

Parking of ECB proceeds domestically: ECB proceeds meant for Rupee expenditure should be repatriated immediately for credit to their Rupee accounts with AD Category I banks in India.

ECB borrowers are also allowed to park ECB proceeds in term deposits with AD Category I banks in India for a maximum period of 12 months cumulatively. These term deposits should be kept in unencumbered position.

By looking at the above provisions,

- (i) Parking of ₹ 80 crore in capital market is not valid.
 - (ii) Parking of ₹ 20 crore in term deposit with AD category 1 bank in compliance with all condition is valid.
- (d) Export of goods / software may be made without furnishing the declaration in the following cases, namely:
- (i) aircrafts or aircraft engines and spare parts for overhauling and/or repairs abroad subject to their reimport into India after overhauling /repairs, within a period of six months from the date of their export;
 - (ii) re-export of leased aircraft/helicopter under cancellation of the lease agreement between the lessor and lessee subject to permission by DGCA/Ministry of Civil Aviation for such export/s.

In the instant case, since Flying Club has fulfilled the requirement with respect to export and re- export of goods in compliance with FEM (Export of Goods and Services) Regulations, 2015, hence, not furnishing of the declaration to the RBI and other authorities with respect to this export and re-export, is not the contravention from Flying Club.

Answer

- (a) Section 328 of the Companies Act, 2013 relates with when any transaction may be treated as fraudulent preference.

Where a company has given preference to a person who is-

- one of the creditors of the company, or
- a surety or guarantor for any of the debts or other liabilities of the company,

and the company does anything or suffers anything done which has the effect of putting that person into a position which, in the event of the company going into liquidation, will be better than the position he would have been in if that thing had not been done prior to 6 months of making winding up application, the Tribunal, if satisfied that, such transaction is a fraudulent preference may order as it may think fit for restoring the position to what it would have been if the company had not given that preference.

As per the facts given, Ganga Textiles Limited was running in loss for last three financial years and its financial position was also bad. The company created a legal mortgage on some of its immovable properties in favour of bank in good faith that it could get further advances from the bank that could be utilized to revive the company.

Some creditors filed a winding up petition in the Tribunal and also an order of the winding up has been passed.

According to above stated provision in the light of the given situation, creation of mortgage on immovable property with the bank with an intent of getting further advances from the bank for its revival was done by the company in good faith in the ordinary course of business. Further, as per requirement of the law, the said legal mortgage was neither in favour of any creditor of the company nor for a surety or guarantor of the company for any debts/liabilities.

Therefore, here the creation of legal mortgage by the company in favour of the Bank will not amount to fraudulent preference.

(b) According to section 380 of the Companies Act, 2013 read with Rule 8 of the Companies (Registration of Foreign Companies) Rules, 2014, following shall be the compliances duly required to be fulfilled by the CNC Limited, a foreign company, for closure of one of its branch of Mumbai office.

According to Section 380 (3) of the Act which provides that where any alteration is made or occurs in the documents delivered to the Registrar under section 380, the foreign company shall, within 30 days of such alteration, deliver to the Registrar for registration, a return containing the particulars of the alteration in the prescribed form. The Companies (Registration of Foreign Companies) Rules, 2014, has prescribed that the return containing the particulars of the alteration shall be filed in form *FC-2* along with prescribed fees.

As in the instance, the CNC Limited has amended its Memorandum of Association on 1st of June 2022 and closed its branch office of Mumbai. This altered document is required to be delivered to Registrar by CNC Limited within 30 days i.e. latest by 1st of July 2022.

(ii) W.r.t. compliance procedure as regards to closure of Mumbai office and discontinuing submission of documents to the registrar of companies afterwards

If any foreign company ceases to have a place of business in India, it shall forthwith give notice of the fact to the Registrar, and from the date on which such notice is so given, the obligation of the company to deliver any document to the Registrar shall cease, provided it has no other place of business in India.

Here, in the given case, CNC Limited has still Ahmedabad as a place of business in India. So, will continue the submission of document to the Registrar even after the closure of Mumbai office.

- (c) (i) **Cognizance of offence by Special Court:** According to section 45 of the Prevention of Money Laundering Act, 2002, the Special Court cannot take cognizance of any offence punishable under section 4 of the Act, unless a complaint in writing is made by:
- (a) The Director or
 - (b) Any officer of the Central Government or a State Government authorized in writing by the Central Government by a general or special order made by that Government.

Accordingly, NGO is not eligible to file complaint before special court against Rishabh alleged to be indulged into the money laundering activities.

Therefore, Special court cannot take cognizance of alleged offence complained of against Rishabh.

- (ii) As per the law, Police officer shall investigate into an offence under this Act only when specifically authorised, by the Central Government by a general or special order, and, subject to such conditions as may be prescribed.

Here in the given, Police officer cannot initiate investigation on receiving a complaint from NGO.

- (iii) Section 44 of the Prevention of Money Laundering Act, 2002, provides that this Act overrides the provisions of the Code of Criminal Procedure, 1973. So, Special Court while trying Scheduled Offence or offence of money laundering shall hold trial in accordance with the provision of Code of Criminal Procedure as it applies to a trial before a court of session.

- (d) According to section 4 of the Prevention of Money Laundering Act, 2002, whoever commits the offence of money-laundering shall be punishable with rigorous imprisonment for a term which shall not be less than three years but which may extend to seven years and shall also be liable to fine.

Accordingly, Mr. Wilson, a notorious person, was caught with the possession of counterfeit currency notes, is an offence specified under Part A-Paragraph 1 of the Schedule of the PMLA. So, he will be punished with rigorous imprisonment for a term of three years to seven years with fine.

Where the proceeds of crime involved in money-laundering relate to any offence specified under paragraph 2 of Part A of the Schedule, the punishment will be for a term of three years to ten years with fine.

Answer

(a) As per the given information, Meera is a highly professional and independent director in several listed companies. Following are the answers as per the Regulations 17A and 26 of the SEBI (LODR), Regulation 2015:

(i) Regulation 17A(1) of the SEBI (LODR) Regulations, 2015 provides that a person shall not be a director or independent director in more than seven listed entities.

Hence, Meera can be appointed as a director and independent director in maximum 7 listed companies.

(ii) Regulation 17A(2) of the SEBI (LODR) Regulations, 2015 provides that any person who is serving as a WTD / MD in any listed entity shall serve as an independent director in not more than 3 listed entities.

Hence Meera, besides holding the position of WTD, can serve as an Independent Director maximum up to 3 listed companies only.

(iii) As per Regulation 26 of the SEBI (LODR) Regulations, 2015, a director shall not be a member in more than ten committees across all listed entities.

So, Meera can be a member in maximum ten committees.

(iv) As per Regulation 26 of the SEBI (LODR) Regulations, 2015, a director shall not act as chairperson of more than five committees across all listed entities.

So, Meera can be appointed as chairperson in maximum five committees.

(b) (i) **Power of Central Government to supersede the Board:** According to section 17 of the Securities and Exchange Board of India Act, 1992, if at any time the Central Government is of opinion that the Board has persistently made default in complying with any direction issued by the Central Government under this Act or in the discharge of the functions and duties imposed on it by or under the provisions of this Act and as a result of such default the financial position of the Board or the administration of the Board has deteriorated, then in such case the Central Government may, by notification, supersede the Board for such period, not exceeding six months, as may be specified in the notification.

Thus, the powers of Central Government to supersede the Board is valid due to persistent committing of default in complying with directions issued by the Central Government on the question of policy from time to time.

(ii) Further section 17(3) of the Securities and Exchange Board of India Act, 1992 states that on the expiration of the period of supersession specified in the notification issued, the Central Government may reconstitute the Board by a fresh appointment and in

such case any person or persons who vacated their offices, shall not be deemed disqualified for appointment.

Provided that the Central Government may, at any time, before the expiration of the period of supersession, take action under this sub-section and appoint such person/s by a fresh appointment.

Hence, the person/s who vacated their office on supersession of the Board will be eligible for appointment on reconstituted Board.

- (c) As per section 3 of the Foreign Contribution (Regulation) Act, 2010, no foreign contribution shall be accepted by any candidate for election.

Further section 21 of the Act states that every candidate for election, who had received any foreign contribution, at any time within one hundred and eighty days immediately preceding the date on which he is duly nominated as such candidate, shall give, within such time and in such manner as may be prescribed, an intimation to the Central Government or prescribed authority or both as to the amount of foreign contribution received by him, the source from which, and the manner in which, such foreign contribution was received and the purposes for which and the manner in which such foreign contribution was utilised by him.

Accordingly, in the given case, though section 3 of the FCRA prohibits acceptance of foreign contribution by any candidate for election but in terms of section 21, it is permissible, to the duly nominated candidate contesting an election as an authorised candidate of a registered political party. He shall give, an intimation to the Central Government or prescribed authority or both as to the amount of foreign contribution received by him, the source from which, and the manner in which, such foreign contribution was received and the purposes for which and the manner in which such foreign contribution was utilised by him.

Hence, Mr. Mustafa, if accepted foreign contribution in compliance with the requirement as provided under section 21, can be said to have not violated the provisions of FCRA.

- (d) As per the Arbitration and Conciliation Act, 1996, all decisions, including an award, must be made through majority. An award must also be complete concerning all issues that are submitted to the Arbitral Tribunal for adjudication.

Further, section 31(1)(a) requires an award to be in writing and having the signature of the members of the arbitral tribunal.

It is not an award unless these two conditions are fulfilled.

A mandatory requirement for an award is that it should be reasoned. Failure to state reasons would make the award invalid. Presence of reason would show that the arbitrators had applied their minds to the matter, taken into consideration all materials put before them and only then arrived at a decision. The only exception is when the parties have agreed that no reasons need be given for the award.

Thus, the award given is in compliance as it was written and signed by majority, with reason behind the refusal to sign by the third member. Accordingly, the contention of Mr. Pankaj is not tenable. Hence, the award is valid.

- compensation for loss of office, or
- as consideration for retirement from office, or
- in connection with such loss or retirement.

Here, in the given instance Mr. Ramesh the whole time director was forced to be removed from office during pandemic as cost saving measure. Yes, he is entitled for compensation.

Calculation of compensation: The compensation shall be calculated on the basis of the average remuneration earned by him during a period of three years immediately preceding the date on which he ceased to hold such office, or where he held the office for less than three years, then for such shorter period.

As per Schedule V Part II Section I, a company having profits in financial year may pay remuneration to a managerial person or persons not exceeding the limits specified in section 197 of the Companies Act, 2013.

According to section 197(1), the total managerial remuneration payable by a public company, to its directors including managing director and whole-time director, and its manager in respect of any financial year shall not exceed eleven percent of the net profits of that company for that financial year computed in the manner laid down in section 198 except that the remuneration of the directors shall not be deducted from the gross profits.

Provided that the company in general meeting may authorize the payment of remuneration exceeding eleven percent of the net profits of the company, subject to the provisions of Schedule V.

Provided further that, except with the approval of the company in general meeting by a special resolution, the remuneration payable to any one managing director whole-time director or manager shall not exceed five percent of the net profits of the company and if there is more than one such director, remuneration shall not exceed ten percent of the net profits of the net profits to all such directors and manager taken together.

As per Schedule V Part II Section II where in any financial year during the currency of tenure of a managerial person, a company has no profits or its profits are inadequate, it may pay remuneration to the managerial person not exceeding the limits specified therein.

As per Schedule V Part II Section V, a managerial person shall draw remuneration from one or both companies, provided that the total remuneration drawn from the companies does not exceed the higher maximum limit admissible from any one of the companies of which he is a managerial person.

According to the given facts, Ms. Vishakha is working as a Managing Director in MNO Limited. She received an offer from Vishal Steel Limited for the post of the Managing Director. The effective Capital of the MNO Limited and Vishal Steel Limited are ₹ 10 Crore and ₹ 20 Crore respectively.

In view of above, if the companies are having Profits, the remuneration payable will be as per section 197(1) of the Companies Act, 2013. Overall limit of managerial remuneration

to the directors including managing director, whole time director and manager will be 11% of the net profits of the company for that financial year. If there is one Managing director, 5% of the net profits of the company for that financial year. However, these limits may be increased in compliance with requirement of law.

In case the companies have no profits or its profits are inadequate the maximum remuneration under the both companies, for which Ms. Vishakha is entitled will be Rs. 84 lakh as per Section II—Part II- Schedule V of the Companies Act, 2013.

The question also provides that while accepting the offer of Vishal Steel Limited, Ms. Vishakha also put a condition that she will work as a managing director in both companies simultaneously and draw remuneration from each of them.

In light with the given provision contained in Section V –Part II- Schedule V of the Act, Ms. Vishakha is entitled to draw remuneration from one or both companies but the total remuneration drawn from the companies does not exceed the higher maximum limit admissible from any one of the companies.

- (b) According to Section 180 (1)(c) of the Companies Act, 2013, the Board shall exercise the powers to borrow money, where the money to be borrowed, together with the money already borrowed by the company will exceed aggregate of its paid-up share capital, free reserves and securities premium apart from temporary loans obtained from the company's bankers in the ordinary course of business only with the consent of the company by a special resolution.

'Borrowings' (including loans raised for meeting financial expenditure of a capital nature) are not to include temporary loans which are obtained by the company from its bankers in the ordinary course of business.

Limit on 'borrowings' need to be specified: Section 180 (2) requires that every special resolution passed by the company in general meeting in relation to the 'borrowings' shall specify the total amount up to which monies may be borrowed by the Board of Directors.

Debt raised in excess of the specified limit [Section 180 (5)]: If a company incurs debt in excess of the limit imposed i.e. more than the 'total amount' specified in the special resolution, it shall not be valid or effectual from the point of view of lender unless such lender proves that he advanced the loan in good faith and without knowledge that the limit imposed had been exceeded. Thus, lender has to be fully cautious before extending any loan to a company. The loaned amount must not be in excess of the limit imposed otherwise it shall not be legally enforceable against the company. In other words, the lender must be aware in no uncertain terms the implications of Section 180 (5) and must carefully check the financial statements as well as the special resolution, if any, passed by the company before extending any loan facility to it.

In view of above, the Board is not authorised to borrow from banks an amount more than its paid-up share capital, free reserve and share premium. Hence, in the present case the Board need to pass a special resolution.

Exclusion of temporary loans: Since, temporary loans are obtained from its bankers in ordinary course of business, so they are excluded from the limits computed for borrowings. So, it will not effect on the total borrowing power of the company.

- (c) According to section 8 of the Prevention of Money Laundering Act, 2002, on receipt of a complaint under section 5 (5), if the Adjudicating Authority has reason to believe that any person has committed an offence under section 3 or is in possession of proceeds of crime, it may serve a notice on such person calling upon him to indicate the sources of his income, earning or assets, out of which or by means of which he has acquired the property attached, the evidence on which he relies, and other relevant information and particulars, and to show cause why all or any of such properties should not be declared to be the properties involved in money-laundering and confiscated by the Central Government.

Thus, the plea of Shyam shall not be accepted and notice will be served on him, for attachment of property.

- (d) **Duties of resolution professional before initiation of pre-packaged insolvency resolution process.**

According to section 54B of the Insolvency and Bankruptcy Code, 2016, the insolvency professional, proposed to be appointed as the resolution professional, shall have the following duties commencing from the date of the approval under clause (e) of sub-section (2) of section 54A, namely:—
