Notes:

- (1) **Computation of taxable gratuity:** Question is silent as to whether Mr. X is covered under the Payment of Gratuity Act, 1972 or no. In the above solution, it is assumed that Mr. X is not covered in the Payment of Gratuity Act, 1972. Further, since the information as to whether DA forms part of salary or not is not given in the question, the gratuity exemption is computed in the above solution assuming that DA does not form part of pay for retirement benefits. Taxable gratuity can also be computed assuming that Mr. X is covered under the Payment of Gratuity Act, 1972 and/or DA forms part of salary for retirement benefits.
- (2) **Computation of deduction in respect of interest on housing loan:** In the question, it has been given that Mr. X has taken possession of the house after making payment of final instalment of housing loan to bank on 28.2.2019. The above solution has been worked out on this basis. However, normally, possession is taken after making final payment to the builder and not the bank. In case if it is assumed that possession of the house is taken after making final payment to the builder, in such case, the current year interest payable would be ₹ 1,20,000. Loss from house property would be ₹ 1,50,000.
- (3) **Long-term capital gains on buy-back of shares:** In the above solution, long-term capital gain on buy-back of shares is computed under section 112A on the assumption that shares are listed on the recognised stock exchange and STT is paid both at the time of purchase and transfer of such shares. However, in case it is assumed that no STT has been paid by Mr. X at the time of acquisition, the provisions of section 112 will apply and not section 112A.

Further, in case it is assumed that the shares are not listed in the recognized stock exchange, in such case, the capital gain would be fully exempt under section 10(34A).

(b) Liability for TDS in certain instances**(i) Payment of arrears of salary for earlier 3 years**

Yes, the amount of arrears of salary will be paid to the employee after deduction of tax at source.

Tax will be deducted at source after providing relief under section 89 if the recipient-employee furnishes necessary particulars to the tax deductor.

(ii) Payment of prize money to the winner of a Quiz Programme by a T.V Channel

The T.V channel is required to deduct tax at source @ 30% at the time of payment of the prize money to the winner of a quiz programme, since the amount of prize money exceeds ₹ 10,000.

(iii) Payment of rent by a nationalized bank to the Central Government

No tax is required to be deducted by the nationalized bank on the amount of rent, since such amount is paid to the Central Government.

³ Assuming it is a house property and the rent received is the net annual value, in the absence of related information.

(iv) Payment to cameraman for shooting of a documentary film

The television company is required to deduct tax at source @ 10% under section 194J at the time of credit or payment, whichever is earlier, on the professional fees payable to the cameraman for shooting a documentary film, since such amount exceeds ₹ 30,000 during the financial year.

Alternative view: If the cameraman is an employee of the television company, the provisions of section 192 will apply at the time of payment and tax has to be deducted on salary income. The tax will be deducted at the average rate of income-tax computed on the basis of the rates in force.

Answer**(a) Computation of deduction under section 10AA for A.Y. 2019-20**

Since A.Y. 2019-20 is the 6 th assessment year from A.Y. 2014-15, relevant to the previous year 2013-14, in which the SEZ unit began manufacturing of articles or things ⁴ , it shall be eligible for deduction of 50% of the profits derived from export of such articles or things, assuming all the other conditions specified in section 10AA are fulfilled.				
=	Profits of Unit in SEZ	x	$\frac{\text{Export turnover of Unit in SEZ}}{\text{Total turnover of Unit in SEZ}}$	x 50%
=	10,00,000	x	$\frac{35,00,000}{80,00,000}$	x 50% = ₹ 2,18,750

Working Note:

Export Turnover	
Sale proceeds received in India	40,00,000
Less: Freight not includible in export turnover	<u>5,00,000</u>
	35,00,000
Total turnover	
Less: Freight not includible [Since freight has been excluded from export turnover, the same has to be excluded from total turnover also].	<u>5,00,000</u>
	80,00,000

Notes:

- (1) The question mentions the quantum of money received in India up to 30.9.2018/30.9.2019. Section 10AA does not specify any time limit for repatriation of export proceeds. As per RBI Master Direction No. 16/2015-16 [RBI/FED/2015-16/11 FED] updated upto 12.1.2018, the period of realization and repatriation of export proceeds shall be nine months from the date of export for all exporters including Units in Special Economic Zones (SEZs). Erstwhile section 10A(3) specified a time limit of six months from the end of the previous year. Section 10AA, however, does not specify any time limit. The only requirement is that the consideration has to be brought into India. Accordingly, this question has been solved assuming that ₹ 40 lakhs is the money received or brought into India within the time limit permitted by RBI. Further, it is presumed that ₹ 5 lakhs for delivery of goods outside India is

⁴ Since question mentions that the SEZ unit was established in the P.Y. 2013-14, it is logical to assume that it began manufacturing in the same previous year.

included in this sum. Alternatively, it is possible to work out the deduction under section 10AA assuming that the entire sum of ₹ 55 lakhs has been brought into India within the time limit prescribed by RBI.

- (2) Since the question does not specify for which assessment year the deduction under section 10AA is required to be computed, the deduction available under section 10AA is computed for the assessment year 2019-20 only. Also, in the instructions relating to Part II Section A given in page 1 of the question paper, point no.4 clearly states that answers to all questions should relate to A.Y.2019-20, unless otherwise stated.

(b) (i) **Computation of depreciation for A.Y.2019-20**

Particulars	₹
W.D.V. of the block as on 1.4.2018	7,70,000
Add: Purchase of second hand plant during the year [in December, 2018]	<u>6,10,000</u>
	13,80,000
Less: Sale consideration of old machinery during the year [in July, 2018]	<u>10,00,000</u>
W.D.V of the block as on 31.03.2019	<u>3,80,000</u>
Depreciation @ 15% but restricted to 50% thereon. ₹3,80,000 X 7.5% [Since the value of the block as on 31.3.2019 represents part of actual cost of second hand plant purchased in December, 2018, which has been put to use for less than 180 days, depreciation is restricted to 50% of the prescribed percentage of 15% i.e. depreciation is restricted to 7½%. Therefore, the depreciation allowable for the year is ₹ 28,500 being 7½% of ₹ 3,80,000]	<u>28,500</u>

- (ii) In the given case, no capital gains would arise, since the block of asset continues to exist, and some of the assets are sold for a price which is lesser than the written down value of the block as increased by the actual cost of asset purchased during the year.
- (iii) If the two machines are sold in July, 2018 for ₹ 15,00,000, then short term capital gains would arise, since the sale consideration is more than the aggregate of the written down value of the block at the beginning of the year and the additions made during the year.

Particulars	₹	₹
Sale consideration		15,00,000
Less: W.D.V. of the machines as on 1.4.2018	7,70,000	
Purchase of second plant during the year	6,10,000	
		13,80,000
Short term capital gains		1,20,000

Note – The date/year of sale of the old residential house property is not given in the question. It is assumed that the said residential house property was sold in the P.Y.2018-19.

(b) Meaning of Cross Transfer and tax implications thereof

Cross transfer means transfer of income-yielding assets whether directly or indirectly so as to reduce the burden of taxation on the transferors.

If two transactions are inter-connected and are part of the same transaction in such a way that it can be said that the circuitous method was adopted as a device to evade tax, the implication of clubbing provisions would be attracted⁵.

In such a case, the income from the assets transferred would be assessed in the hands of the deemed transferor because the transfers are so intimately connected as to form part of a single transaction, and each transfer constitutes consideration for the other by being mutual or otherwise.

Example: If Mr. A makes a gift of ₹5,00,000 to the wife of his brother B for the purchase of a house by her and simultaneously, Mr. B makes a gift of shares in a foreign company worth ₹5,00,000 owned by him to Mr. A's minor son, the income from the assets transferred would be assessed in the hands of the deemed transferor. This is because both Mr. A and Mr. B are the indirect transferors of the income to their minor son and spouse, respectively, with an intention to reduce their burden of taxation. Accordingly, dividend from shares accruing to Mr. A's minor son is taxable in the hands of Mr. A and rental income from house property accruing to Mrs. B is taxable in the hands of Mr. B.

⁵ It was so held by the Apex Court in CIT vs. Keshavji Morarji (1967) 66 ITR 142.

Question 8

- (a) *Examine the liability of compulsory registration under section 24 of the CGST Act, 2017, in each independent cases mentioned below:*

- (2) *If terms of payment is not mentioned in AMC and also not agreed by both the parties.*

(4 Marks)

Answer

- (a) (1) Section 24 of the CGST Act provides that persons making any inter-State taxable supply of goods are required to obtain registration compulsorily under GST laws irrespective of the quantum of aggregate turnover.

However, an agriculturist, to the extent of supply of produce out of cultivation of land, is not liable to registration.

Assuming that Meenu is engaged in cultivation and supply of potatoes, she is not liable to registration irrespective of the fact that she is engaged in making inter-State supply and her turnover exceeds the threshold limit.

Note: Any person engaged exclusively in the business of supplying exempted goods is not liable to registration. Since potatoes are exempted goods, Meenu is not liable to obtain registration irrespective of the fact that she is engaged in making inter-State supply and her turnover exceeds the threshold limit.

- (2) Section 24 of the CGST Act specifies the categories of persons who are required to be mandatorily registered under GST irrespective of the quantum of their aggregate turnover.

In the given case, Jinu Oils does not fall in any of the specified categories. Therefore, it is not required to obtain registration compulsorily under GST.

However, as per section 22 of the CGST Act, 2017, if the aggregate turnover of the person exceeds Rs 20 lakhs in a financial year or exceeds Rs 10 lakhs for persons in a specified state, is liable for registration.

Aggregate turnover includes exempted turnover of goods or services;

Accordingly, Jinu Oils is liable obtain registration on the basis of the turnover since its aggregate turnover [₹ 35 lakh - including turnover of exempt supply of petrol] exceeds the threshold limit of ₹ 20 lakhs.

- (3) Section 24 of the CGST Act provides that persons who make taxable supply of goods and/or services on behalf of other taxable persons whether as an agent or otherwise

are required to obtain registration compulsorily under GST laws irrespective of the quantum of aggregate turnover.

Therefore, Tilu will be mandatorily required to obtain registration.

- (b) In case of continuous supply of services
- (i) Where due date of payment is ascertainable from the contract, the invoice shall be issued on or before the due date of payment.
 - (ii) Where due date of payment is not ascertainable from the contract, the invoice shall be issued before or at the time when the supplier of service receives the payment
 - (iii) Where payment is linked to the completion of an event, the invoice shall be issued on or before the date of completion of that event.

In view of the aforesaid provisions, time of issue of invoice will be as follows in the given different circumstances:

- (1) If it is mentioned in contract that Khotu Ltd. has to make payment on 05.11.2018, the invoice shall be issued on or before 05.11.2018.
- (2) If terms of payment are not mentioned in AMC and are also not agreed by both the parties, the invoice shall be issued on or before 31.10.2018.

Note: The question has been answered by considering the annual maintenance contract as continuous supply of service. However, as per section 2(33) of the CGST Act, 2017 "continuous supply of services" inter alia means a supply of services with periodic payment obligations.

Question 9

- (a) Examine in relation to composition levy scheme under the CGST Act, 2017 and the rules made thereunder in the following individual cases :
- (1) Ketu is a manufacturer of ice-cream and pan masala in State of Maharashtra. His turnover for the year does not exceed ₹1 Crore. He wants to register for composition levy scheme. Is he eligible for it? **(1 Marks)**
 - (2) Jadhu of Gujarat opts for composition scheme during a financial year 2017-18. But on 10-02-2018 his turnover crosses ₹ 1 Crore, can he continue under composition levy scheme. **(2 Marks)**
 - (3) X Ltd. has 2 branches K & L in Delhi, having same PAN. Branch K opts for normal scheme. X Ltd. want to continue composition levy in case of its branch L. Can X Ltd. continue composition levy only for branch L? **(2 Marks)**
- (b) Please answer following individual independent cases with reference to section 37 of the CGST Act, 2017 and rule 59 of CGST Rules, 2017:
- (1) Mr. Kolly is registered supplier in the State of Gujarat. He is filing GSTR 1 every month. During the month of February, 2018 he was out of India and so did not do any

transaction during the month. He believes that as there is no transaction there is no need to file GSTR 1 for the month of February, 2018. Is he correct? (1 Marks)

(2) *Mr. Kaji is a registered dealer in Kerala. He was registered as a normal tax payer for FY 2017-18. But on 15-01-2018, he converted from normal tax payer to composition tax payer. Is he liable to file GSTR-1 for the month of February, 2018? (2 Marks)*

(3) *Mrs. Zeel a registered dealer in Rajasthan did not file GSTR 1 for the month of June, 2018 but she wants to file GSTR 1 for the month of July, 2018. Is it possible? (1 Marks)*

Answer

(a) (1) A registered person who is engaged in manufacture of, *inter alia*, ice cream and pan masala, is not eligible to opt for composition levy even if his aggregate turnover does not exceed ₹ 1 crore.

Therefore, in the given case, Ketu is not eligible to opt for composition levy.

(2) The option to pay tax under composition levy availed of by a registered person lapses with effect from the day on which his aggregate turnover during a financial year exceeds the threshold limit of ₹ 1 crore. He needs to pay tax under normal scheme from that day.

Since in the given case, the turnover of Jadhu crosses ₹ 1 crore on 10.02.2018, he cannot continue under composition scheme from that day.

(3) Where person having the same Permanent Account Number, has more than one registration, the registered person shall not be eligible to opt for composition scheme unless all such registered persons opt to pay tax under composition scheme. In other words, all the registrations under the same PAN have to opt for composition scheme. In view of the same, in the given case, X Ltd. cannot continue with composition scheme only for branch L.

(b) (1) No, Mr. Kolly is not correct.

GSTR-1 needs to be filed even if there is no business activity (Nil Return) in the tax period. Therefore, in the given case, even though Mr. Kolly was out of India and thus had not done any transaction during February 2018, he is still required to file GSTR-1 for the said month.

(2) A person paying tax under composition scheme is not liable to furnish the details of outward supplies in GSTR-1.

Further, in cases where a taxpayer has been converted from a normal taxpayer to composition taxpayer, GSTR-1 is to be filed only for the period during which the taxpayer was registered as normal taxpayer.

Therefore, in the given case, Mr. Kaji is not liable to file GSTR-1 for February, 2018 since he had already shifted to composition scheme on 15.01.2018.

- (3) There is no specific bar under the law on filing of GSTR-1 for current month when GSTR-1 for the previous month has not been filed.

Therefore, in the given case, Mrs Zeel can file GSTR-1 for July, 2018 even though she has not filed GSTR-1 for the preceding month, i.e., June, 2018.

Note: Question specifies that Mr. Kaji has converted from normal taxpayer to composition tax payer on 15.01.2018. However, as per rule 4(1) of the CGST Rules, 2017, the option to pay tax under composition scheme shall be effective from the beginning of the financial year, where the intimation is filed by any registered person who opts to pay tax under section 10. Further, as per rule 3(3A) of the CGST Rules, 2017, a person who has been granted certificate of registration under sub-rule (1) of rule 10 may opt to pay tax under composition scheme with effect from the first day of the month immediately succeeding the month in which he files an intimation on the common portal on or before the 31st day of March, 2018.

(a) Alternative

Non-performance of a contract is the failure to fulfill the obligations under a contract. It is generally one of the conditions stipulated in any contract for supply of goods/services.

The agreement entered into between the parties stipulates that both the service provider and service recipient abide by the terms and conditions of the contract. In case any of the parties breach the contract for any reason including non-performance of the contract, then such person is liable to pay damages in the form of fines or penalty to the other party.

Tolerating non-performance of a contract in lieu of damages or fines is a supply in terms of section 7 of the CGST Act, 2017 as it is made for a consideration by a person in the course or furtherance of business.

Further, tolerating non-performance of a contract is treated as a supply of service in terms of section 7 read with Schedule II of CGST Act, 2017.

However, in case of supplies to Government, non-performance of contract by the supplier of service for which consideration in the form of fines or liquidated damages is payable is exempt from GST.
