Note – Gift of ₹ 80,000 received from mother's father has been brought to tax under section 56(2)(x) on the basis of the view that maternal grandparents are not "lineal ascendants" and hence, do not fall within the definition of 'relative' given there under. However, there is an alternate view that maternal grandparents are lineal ascendants and hence, fall under the definition of relative under section 56(2). If this view is considered, gift of ₹ 80,000 from mother's father would not be taxable. In such case, the total income would be Rs. 13,40,000 and tax payable would be Rs. 1,90,940.

Question 2

(a) Following incomes are derived by Mr. Krishna Kumar during the year ended 31-3-2018 :

Pension received from the US Government	3,20,000
Agricultural income from lands in Malaysia	2,70,000
Rent received from let out property in Colombo, Sri Lanka	4,20,000

Discuss the taxability of the above items where the assessee is (i) Resident, (ii) Non-resident.

(6 Marks)

(b) Mr. Dhanapal wishes to purchase a residential house costing ₹ 60 lakhs from Ms. Saipriya. The house is situated at Chennai. He also wants to purchase agricultural lands in a rural area for ₹ 65 lakhs. He wants to know whether there will be any obligation to deduct tax at source in these two situations. Both the buyer as well as the sellers are residents in India. Advise Mr. Dhanapal suitably. **(2 Marks)**

(c) Rahil & Co., a partnership firm is having a car dealership show-room. They have purchased cars for ₹ 2 crores from XYZ Ltd., car manufacturers, the cost of each car being more than ₹ 12 lakhs.

They sell the cars to individual buyers at a price yielding 10% margin on cost. State whether there will be any obligation to collect tax in the above two situations. **(2 Marks)**

Answer

(a) Taxability of items in the hands of Mr. Krishna Kumar

	Item of income	Amount ₹	If Mr. Krishna Kumar is resident	If Mr. Krishna Kumar is non-resident
(i)	Pension received from the US Government	3,20,000	Taxable, since global income is taxable in case of a resident.	Not taxable, since the income has accrued and arisen outside India and assuming that the same is also received outside India.
(ii)	Agricultural income from lands in Malaysia	2,70,000	Taxable, since global income is taxable in case of a resident. Only agricultural income from lands in India is exempt and not lands outside India.	Not taxable, since the income has accrued and arisen outside India and assuming that the same is also received outside India.
(iii)	Rent received from let-out property in Colombo, Sri Lanka	4,20,000	Taxable, since global income is taxable in case of a resident. 30% deduction from net annual value is allowed.	Not taxable, since the income has accrued and arisen outside India and assuming that the same is also received outside India.

(b) Since the sale consideration of residential house exceeds ₹ 50 lakh, Mr. Dhanapal is required to deduct tax at source@1% of sale consideration of ₹ 60 lakh under section 194-IA.

TDS provisions under section 194-IA are not attracted in respect of transfer of rural agricultural land, even if the consideration exceeds ₹ 50 lakh.

- (c) Every person, being a seller, who receives any amount as consideration for sale of a motor vehicle of the value exceeding ₹ 10 lakhs, is required to collect tax at source @1% of the sale consideration from the buyer.

TCS provisions will, however, not apply on sale of motor vehicles by manufacturers to dealers/distributors. Hence, XYZ Ltd., the manufacturer-seller need not collect tax at source on sale of cars to the dealer, Rahil & Co., even if the value of each car exceeds ₹10 lakhs.

However, TCS provisions would be attracted when Rahil & Co., sells cars to individual buyers, since the value of each car exceeds ₹10 lakhs. Rahil & Co. has to collect tax@1% of the consideration on sale of each car to an individual buyer.

Question 3

- (a) Mrs. Disha Khanna, a resident of India, owns a house property at Bhiwani in Haryana. The Municipal value of the property is ₹ 7,50,000, Fair Rent of the property is ₹ 6,30,000 and Standard Rent is ₹ 7,20,000 per annum.

The property was let out for ₹ 75,000 per month for the period April 2017 to December 2017.

Thereafter, the tenant vacated the property and Mrs. Disha Khanna used the house for self-occupation. Rent for the months of November and December 2017 could not be realized from the tenant. The tenancy was bonafide but the defaulting tenant was in occupation of another property of the assessee, paying rent regularly.

She paid municipal taxes @ 12% during the year and paid interest of ₹ 35,000 during the year for amount borrowed towards repairs of the house property.

You are required to compute her income from "House Property" for the A.Y. 2018-19.

(7 Marks)

- (b) Explain the quantum of late fees under section 234F for delay in furnishing return of income within the prescribed time limit under section 139(1) for A.Y. 2018-19. **(3 Marks)**

Answer

- (a) **Computation of income from house property of Mrs. Disha Khanna for the A.Y.2018-19**

Particulars	Amount in ₹	
Computation of Gross Annual Value		
Expected Rent for the whole year = Higher of Municipal Value of ₹ 7,50,000 and Fair Rent of ₹ 6,30,000, but restricted to Standard Rent of ₹ 7,20,000	7,20,000	

Actual rent received for the let-out period = ₹ 75,000 × 9 [Unrealised rent is not deductible from actual rent in this case since the defaulting tenant is in occupation of another property of the assessee, and hence, one of the conditions laid out in Rule 4 has not been fulfilled]	6,75,000	
GAV is the higher of Expected Rent for the whole year and Actual rent received/receivable for the let-out period	7,20,000	
Gross Annual Value (GAV)		7,20,000
Less: Municipal taxes (paid by the owner during the previous year) = 12% of ₹ 7,50,000		90,000
Net Annual Value (NAV)		6,30,000
Less: Deductions under section 24		
(a) 30% of NAV = 30% of ₹ 6,30,000	1,89,000	
(b) Interest on amount borrowed for repairs (Fully allowable as deduction, since it pertains to let-out property)		
	35,000	2,24,000
Income from house property		4,06,000

(b) Quantum of late fee for delay in furnishing return of Income

Late fee under section 234F is attracted where a person, who is required to furnish a return of income under section 139, fails to do so within the time limit prescribed under section 139(1).

Quantum of Late Fee	Circumstances
₹ 5,000	If the return is furnished on or before the 31st December of the assessment year;
₹ 10,000	In any other case
However, if the total income of the person does not exceed ₹ 5 lakhs, the fee payable shall not exceed ₹ 1,000	

Question 4

- (a) Mr. Subramani sold a house plot to Mrs. Vimala for ₹ 45 lakhs on 12-5-2017. The valuation determined by the stamp valuation authority was ₹ 53 lakhs. Discuss the tax consequences of above, in the hands of each one of them, viz, Mr. Subramani & Mrs. Vimala.

Mrs. Vimala has sold this plot to Ms. Padmaja on 21-3-2018 for ₹ 55 lakhs.

The valuation as per stamp valuation authority remains the same at ₹ 53 lakhs.

Compute the capital gains arising on sale of the house plot by Mrs. Vimala.

Note: None of the parties viz Mr. Subramani, Mrs. Vimala & Ms. Padmaja are related to each other; the transactions are between outsiders. **(6 Marks)**

- (b) Mr. Rangamannar resides in Delhi. As per new rule in the city, private cars can be plied in the city only on alternate days.

He has purchased a car on 21-09-2017, for the purpose of his business as per following details:

Cost of car (excluding GST)	12,00,000
Add: Delhi GST at 14%	1,68,000
Add: Central GST at 14%	<u>1,68,000</u>
Total price of car	<u>15,36,000</u>

He estimates the usage of the car for personal purposes will be 25%. He is advised that since the car has run only on alternate days, half the depreciation, which is otherwise allowable, will be actually allowed. He has started using the car immediately after purchase.

Determine the depreciation allowable on car for the A.Y. 2018-19, if this is the only asset in the block.

Rate of depreciation may be taken at 15%

If this car were to be used in the subsequent Assessment Year 2019-20 on the same terms and conditions above, what will be the depreciation allowable? Assume that there is no change in the legal position under the Income-tax Act, 1961. **(4 Marks)**

Answer

(a)

(i)	<u>Tax consequences in the hands of Mr. Subramani</u>
	As per section 50C, the stamp duty value of immovable property, being land or building or both, would be deemed to be the full value of consideration arising on transfer of such property, if the same is higher than actual consideration. Accordingly, in this case, capital gains would be computed in the hands of Mr. Subramani, for A.Y.2018-19, taking the stamp duty value of ₹ 53 lakh of house plot as the full value of consideration arising on transfer of such house plot, since the same is higher than the actual consideration of ₹ 45 lakh. Note – If it is assumed that Mr. Subramani is a property dealer, the income would be taxable as his business income under section 43CA
(ii)	<u>Tax consequences in the hands of Mrs. Vimala</u>
	In case immovable property is received for inadequate consideration, the

<p>difference between the stamp duty value and actual consideration would be taxable under section 56(2)(x) in the hands of the recipient, if such difference exceeds ₹ 50,000.</p> <p>Therefore, in this case, ₹ 8 lakh (₹ 53 lakh – ₹ 45 lakh) would be taxable in the hands of Mrs. Vimala under the head “Income from Other Sources” in A.Y.2018-19.</p> <p>At the time of subsequent sale of property by Mrs. Vimala to Mrs. Padmaja (on 21.3.2018), short-term capital gains would arise in the hands of Mrs. Vimala in A.Y.2018-19, since the property is held by her for less than 24 months.</p>	
Particulars	₹
Full value of consideration (Since actual consideration of ₹ 55 lakh is higher than stamp duty value of ₹ 53 lakh)	55 lakh
Less: Cost of acquisition (Value taken into account for the purpose of section 56(2)(x) ¹	<u>53 lakh</u>
Short-term capital gains	<u>2 lakh</u>

(b)

Particulars	₹
Since the car was put to use for more than 180 days in the P.Y.2017-18, full depreciation@15% is allowable on the actual cost of ₹15,36,000, which is the total price (inclusive of GST). However, the depreciation actually allowed would be restricted to 75%, since 25% of usage is estimated for personal use, on which depreciation is not allowable.	
Depreciation for P.Y.2017-18 = 15% x ₹15,36,000 x 75% =	1,72,800
Written Down Value as on 1.4.2018 = ₹15,36,000 – ₹1,72,800 = ₹13,63,200	
Depreciation for P.Y.2018-19 = 15% x ₹13,63,200 x 75% =	1,53,360

Note - As per section 17(5) of the CGST Act, 2017/Delhi GST Act, 2017, input tax credit would not be available in respect of motor vehicles except if they are used for making taxable supply of such vehicles or for transportation of goods or passengers or for imparting training on driving, flying navigating such vehicles. In this case, the question mentions that the car is the only asset in the block. In the absence of any information in the question to the contrary, it is logical to assume that the car is not used for making the above taxable supplies. Accordingly, input tax credit would not be available and hence,

¹ As per section 49(4), in case where capital gains arises from subsequent sale of property, which was subject to tax under section 56(2)(x), the value taken into account for the purpose of section 56(2)(x) would be deemed to be the cost of acquisition.

GST would form part of actual cost of car. The above solution has been worked out accordingly.

However, input tax credit would be available if it is assumed that the car is used in making the above taxable supplies or in transportation of goods, the answer would be as follows –

Alternative Answer

Particulars	₹
Since the car was put to use for more than 180 days in the P.Y.2017-18, full depreciation@15% is allowable on the actual cost of ₹ 12 lakh (exclusive of GST of ₹ 3,36,000), assuming that input tax credit is available in respect of GST.	
Further, the depreciation actually allowed would be restricted to 75%, since 25% of usage is estimated for personal use, on which depreciation is not allowable.	
Depreciation for P.Y.2017-18 = 15% x ₹ 12,00,000 x 75% =	1,35,000
Written Down Value as on 1.4.2018 = ₹ 12,00,000 – ₹ 1,35,000 = ₹ 10,65,000	
Depreciation for P.Y.2018-19 = 15% x ₹ 10,65,000 x 75% =	1,19,813

(2 + 2 = 4 Marks)

Answer

(a) Computation of taxable salary of Mr. Janakaraj for the A.Y. 2018-19

Particulars	₹	₹
Basic Salary [(₹ 70,000 x 8) + (₹ 80,000 x 4)]		8,80,000
Dearness allowance [50% of basic salary]		4,40,000
Bonus [₹ 70,000 + 50% of ₹ 70,000]		1,05,000
Employer's contribution to recognized provident fund in excess of 12% of salary [(18%-12%) x ₹ 8,80,000 = 6% of ₹ 8,80,000=		52,800
[Salary includes only basic salary, since dearness allowance, in this case, does not form part of salary for retirement benefits]		
Leave travel concession	45,000	
Less: Exempt	<u>45,000</u>	-
[Mr. Janakaraj can avail exemption on the entire amount of ₹45,000 reimbursed by the employer towards leave travel concession since the leave travel concession was availed for himself, wife and three children and the journey was undertaken by economy class airfare. The restriction imposed for two children is not applicable in case of multiple birth which take place after the first child.]		
Professional tax paid by the employer [Perquisite includes any sum paid by the employer in respect of any obligation which would have been payable by the employee]		3,000

Facility of laptop [Facility of laptop is an exempt perquisite, whether used for official or personal purpose or both]		-
Gross Salary		14,80,800
Less: Deduction under section 16		
Professional tax paid		6,000
Taxable Salary		14,74,800

(b)

	Chargeability	Amount liable to tax (₹)	Reason
(i)	Partly taxable	43,200	Any allowance granted to an employee working in a transport system to meet his personal expenditure during his duty is exempt provided he is not in receipt of any daily allowance. The exemption is 70% of such allowance (i.e., ₹ 8,400 per month being, 70% of ₹ 12,000) or ₹ 10,000 per month, whichever is less. Hence, ₹ 1,00,800 (i.e., ₹ 8,400 x 12) is exempt. Balance ₹ 43,200 (₹ 1,44,000 – ₹ 1,00,800) is taxable in the hands of Mr. Ram.
(ii)	Not Taxable	-	As per section 10(34), dividend received upto ₹ 10 lakhs from Indian companies on which dividend distribution tax is paid by the company, is exempt in the hands of shareholder. As per section 10(35), income received from units of mutual fund is exempt. Hence, ₹ 8,50,000, being the dividend from Indian companies and ₹ 4,00,000, being the dividend from Indian equity oriented mutual fund units is not taxable in the hands of Mrs. Aishwarya.

Answer

- (a) Computation of total income of Mr. Rakesh Gupta for the A.Y.2018-19

Particulars	₹	₹
Profits and gains of business or profession		
Income from speculation business	12,45,000	

Less: Set-off of loss from non-speculation business	3,20,000	
	9,25,000	
Less: Set-off of loss from house property, restricted to	2,00,000	7,25,000
Income from other sources		
Winnings from lotteries	1,50,000	
Winnings from bettings [See Note below]	90,000	2,40,000
Gross Total Income		9,65,000
Less: Deduction under Chapter VI-A		Nil
Total income		9,65,000

Losses to be carried forward to A.Y.2019-20:

Particulars	₹
Loss from house property (₹ 2,50,000 - ₹ 2,00,000) As per section 71(3A), loss from house property can be set-off against any other head of income to the extent of ₹ 2,00,000 only. As per section 71B, balance loss not set-off can be carried forward to the next year for set-off against income from house property of that year ² .	50,000
Loss from specified business covered by section 35AD Loss from specified business under section 35AD can be set-off only against profits of any other specified business. As per section 73A(2), if loss cannot be so set-off, the same has to be carried forward to the subsequent year for set off against income from specified business, if any, in that year. Since the return has been filed before the due date, such loss can be carried forward.	4,10,000
Loss from card games Loss from card games can neither be set off against any other income, nor can it be carried forward.	

Note – It has been assumed that the amount of ₹ 90,000 given in the question represents gross winnings from bettings. Accordingly, the total income has been computed. However, in case ₹ 90,000 considered as net amount and grossed up the same, the gross winnings from bettings would be ₹ 1,28,571 [₹ 90,000 x 100/70]. The total income would be ₹ 10,03,570 (rounded off).

(b) (i) Gift received from non-relative by minor daughter M

Gift of ₹ 70,000 received by minor daughter M, from non-relative would be taxable, since the amount of gift exceeds ₹ 50,000. It would be included in the hands of her father, Mr. Vinod Amin, since his income before considering clubbing provisions is higher than that of his wife.

² It can be carried forward for a maximum of eight assessment years i.e., upto A.Y.2026-27, in this case.

(ii) **Prize money of ₹ 3,00,000 in National Quiz Competition/Interest on debentures received by minor daughter M**

Income derived by a minor child from any activity involving application of his/her skill, talent, specialised knowledge and experience is not to be included in the hands of parent. Hence, the prize money of ₹ 3,00,000 won in National Quiz Competition by minor daughter M from exercise of special talent would not be included in the income of either parent.

However, interest of ₹ 19,000 on debentures has to be included in the hands of her father, Mr. Vinod Amin, even if the investment is made out of income arising from application of special talent.

Exemption of ₹ 1,500 would be allowed in respect of the aggregate income of minor daughter M so included in the hands of Mr. Vinod Amin under section 10(32).

(iii) **Winning from lottery by minor child N**

Winnings of ₹ 1,50,000 (1,05,000 x 100/70) from lotteries by minor child N is includible in the hands of his father, Mr. Vinod Amin. Mr. Vinod Amin can claim credit of tax of ₹ 45,000 deducted at source from such lottery income.

Note – As regards availability of exemption under section 10(32) in respect of lottery income of minor child N includible in the hands of his father, there are two possible views. Since exemption of upto ₹ 1,500 under section 10(32) is available in respect of any income of minor child includible in the total income of parent, one view is that such exemption would also be available in respect of lottery income of a minor child includible in the hands of parent.

The alternate view is that since as per section 58(4), no deduction is allowable in respect of any expenditure or allowance in connection with lottery income under any provision of the Income-tax Act, 1961, exemption under section 10(32) would also not be available in respect of such income of minor child includible in the hands of the parent. Further, lottery income is subject to tax at a flat rate of 30%, and hence, if any exemption is allowed in respect of such income, it would reduce the tax liability and the effective rate of tax.

Answer

Output tax payable after set off of ITC [B]			42,300	42,300	
Net GST liability [A] + [B]			46,800	46,800	

Notes:-

- Since Loveall University provides education recognized by law¹, it is an educational institution and services provided to an educational institution, by way of conduct of examination by such institution are exempt from GST.

¹ It has been logically assumed that the education provided by the Loveall University is recognised by **Indian** law.

2. In case of legal services provided by an advocate to any business entity GST is payable under reverse charge by the recipient of service².
3. In case of services supplied by, *inter alia*, State Government by way of renting of immovable property to a person registered under the CGST Act, GST is payable under reverse charge by the recipient of service
4. The amount available in the electronic credit ledger may be used for making payment towards output tax. However, tax payable under reverse charge is not an output tax. Therefore, tax payable under reverse charge cannot be set off against the input tax credit and thus, will have to be paid in cash.

(b) Computation of input tax credit (ITC) available with CANWIN Ltd. for the month of January 2018

Particulars	GST (₹)
Purchase of machinery where debit note is issued [Note-1]	1,15,000

3. Input tax credit on works contract services supplied for construction of an immovable property is specifically disallowed except where it is an input service for further supply of works contract service.

Question 9

- (a) Ms. Achintya, a registered supplier in Kochi (Kerala State) has provided the following details in respect of her supplies made Intra-State for the month of March 2018:

	Particulars	Amount in ₹
(i)	List price of goods supplied intra-state (exclusive of items given below from ii to v)	3,30,000

² It has been logically assumed that the turnover of Mr. Thiraj exceeded ₹20 lakhs in the preceding financial year.

(ii)	Swachh Bharat cess levied on sale of the goods	12,500
(iii)	Packing expenses charged separately in the invoice	10,800
(iv)	Discount of 1% on list price of goods was provided (recorded in the invoice of goods)	
(v)	Subsidy received from State Govt. for encouraging women entrepreneurs	5,000

Compute the value of taxable supply and the gross GST liability of Ms. Achintya for the month of March 2018 assuming rate of CGST to be 9% and SGST to be 9%. All the amounts given above are exclusive of GST **(5 Marks)**

- (b) Explain the meaning of supply as per provisions of Section 7(1) of Central Goods and Service Tax Act, 2017. **(5 Marks)**

Answer

- (a) **Computation of value of taxable supply and gross GST liability of Ms. Achintya for the month of March, 2018**

Particulars	₹
List price of the goods	3,30,000
Add: Swachh Bharat Cess (SBC) levied on sale of goods [Note-1]	12,500
Add: Packing expenses [Note-2]	10,800
Less: Subsidy received from State Government [Note-3]	(5,000)
Less: Discount @ 1% on list price [Note-4]	<u>(3,300)</u>
Value of taxable supply	3,45,000
CGST @ 9%	31,050
SGST @ 9%	<u>31,050</u>
Gross GST liability	62,100

Notes:-

As per section 15 of CGST Act, 2017,

- Any taxes, duties and cesses levied under any law other than CGST, SGST is includible in the value.
- Packing expenses being incidental expenses, are includible in the value.
- Since subsidy is received from State Government, the same is not includible in the value. It has been assumed that such subsidies are directly linked to the price of the goods. Further, since the same has not been adjusted in the list price, the same is to be excluded from the list price.

4. Since discount is known at the time of supply, it is deductible from the value.

Note: (i). In the above answer, the term “exclusive” mentioned in the question has been taken to be as “not adjusted in the list price”, i.e. the list price given in the question is before adjusting the amount of discount and subsidy. However, it is also possible to take a view that the list price “excludes” amount of discount and subsidy. Therefore, the same need not be deducted again from the list price to arrive at the taxable value.

(ii) Read SBC as other taxes.

(b) As per section 7(1) of CGST Act, 2017, the term supply includes –

- (a) all forms of supply of goods or services or both such as sale, transfer, barter, exchange, license, rental, lease or disposal made or agreed to be made for a consideration by a person, in the course or furtherance of business;
- (b) import of services for a consideration whether or not in the course or furtherance of business;

- (d) the activities to be treated as supply of goods or supply of services as referred to in Schedule II.
